3 family businesses, 1 convenient location

Visit 7604 Allentown Blvd. in West Hanover Township, and you'll see one building. But it actually houses three family-owned and -operated businesses: Car Wash Systems Inc., K.L. Tyndale Inc. and Tyndale Flag Service.

Car Wash Systems Inc.

Car Wash Systems Inc. is a car wash equipment distributor for the Pennsylvania, Maryland, New Jersey and New York markets. It's a retailer of machines for manual and automatic independent car washes, and the business also sells and services equipment, supplies, chemicals and parts for car washes at auto dealers, convenience stores and independent car washes.

President Ken Tyndale runs the business with Marc Tyndale, vice president of sales/marketing, and William Phoenix, vice president of service. The product line includes Istobal, the latest in automatic high-tech rollovers, self-serve equipment and building enclosures. Car Wash Systems is also a leader in introducing green building and operational principles to the industry locally, offering reclaim systems, high-efficiency heating and solar options.

K.L. Tyndale Inc.

Led by Ken Tyndale, president, and Mike Tyndale, vice president, this full-service electrical contractor serves residential and commercial customers, as well as contractors, designing and delivering electrical systems to meet long-term needs. Its skilled electricians always adhere to the highest safety standards, and some have even received continuing education through ABC Keystone Chapter. Services include electrical wiring and

repairs, lighting design and installation, electrical service upgrades, parking lot lighting, data wiring, phone/cable/CCTV wiring, 200-4,000 AMP services, UPS systems and generators and energy-saving solutions. The company's clientele is extremely diverse — from apartment complexes, community centers and school districts to restaurants, medical facilities and municipal authorities.

Tyndale Flag Service

Tyndale Flag Service, owned by Carol Tyndale, is your destination for flags — U.S., state, foreign and custom/logo — and avenue/light pole banners and flagpoles. Purchases can be made either at the retail store on Allentown Boulevard or at www.tyndaleflags.com, and all items are U.S.-made by manufacturers such as J.C. Shultz FlagSource, Annin, FlagZone, Eder and Concord Industries. If you need help installing, servicing or adding lighting to your flagpole, Tyndale Flag Service can do that as well. ■

ABOVE: K.L. Tyndale Inc. can recommend UPS systems and generators that save energy.
ABOVE, TOP: Car Wash Systems Inc. carries the Istobal product line, which includes the latest in automatic car wash rollovers.
LEFT: Tyndale Flag Service focuses on products that are made in the U.S.
